AT THE HEART OF VIBRANCY

Welcome to Sejati Sentral, where the finest of business, leisure and lifestyle come together in one thriving integrated hub. Envisioned as a rising new landmark for growth in the centrestage of Sandakan, it sits in the midst of the city's largest established neighbourhood, a mere 400m away from the airport.

The area is directly connected via major trunk roads, ensuring accessibility within 10 minutes to key locations such as Government administrative centres, schools, driving centres and more. Visitors and residents can also hop over to shopping and grocery conveniences such as MYDIN, MR.DIY, Sejati Walk, and Fajar in close vicinity.

Truly, the final crowning jewel of Sandakan's most iconic gem.

A CONVERGENCE OF PEOPLE, PLACES AND POSSIBILITIES

Sejati Sentral boldly redefines the architype of traditional double-storey shoplots, infusing a fresh new verve of fluidity, sustainability and humanity into the development. Enjoy a modern approach to commercial ambience, with pedestrian-friendly layouts and thoughtful green spaces that invite seamless interaction between architecture and nature.

Here, businesses and retail spaces can find the address for success at The Village – Sejati Sentral's signature space comprising 149 shoplots, a drive-thru, a hotel, and its 6-boutique pavilion. Take advantage of ample practical space for business expansion, with high potential for visitor traffic from surrounding matured neighbourhoods, hospitality guests and office workers.

From its unmistakeable façade to vast outdoor and engaging indoor spaces, Sejati Sentral is crafted to captivate. A well-planned interplay of environmental elements such as lighting and shadows, as well as curated green pockets, infuse a cosy natural ambience that artfully soothes the soul amidst bustling urbanity. The development is also the first of its kind in Sandakan to be GreenRE certified, marking it as a 'green building' committed to sustainability ideals.

Each shoplot unit comes with designated entrance and staircase to the upper level, ensuring accessibility on all fronts. For maximum functionality and flexibility for future expansion, building spaces are also designed with alternating double column spaces. Private verandas on the ground level and balconies on the first floor offer additional area for outdoor activities.
